

Region Kalmar County

Every day a little better – the power of many!
through everyday modules

Our strategy, Every day a little better – the power of many!

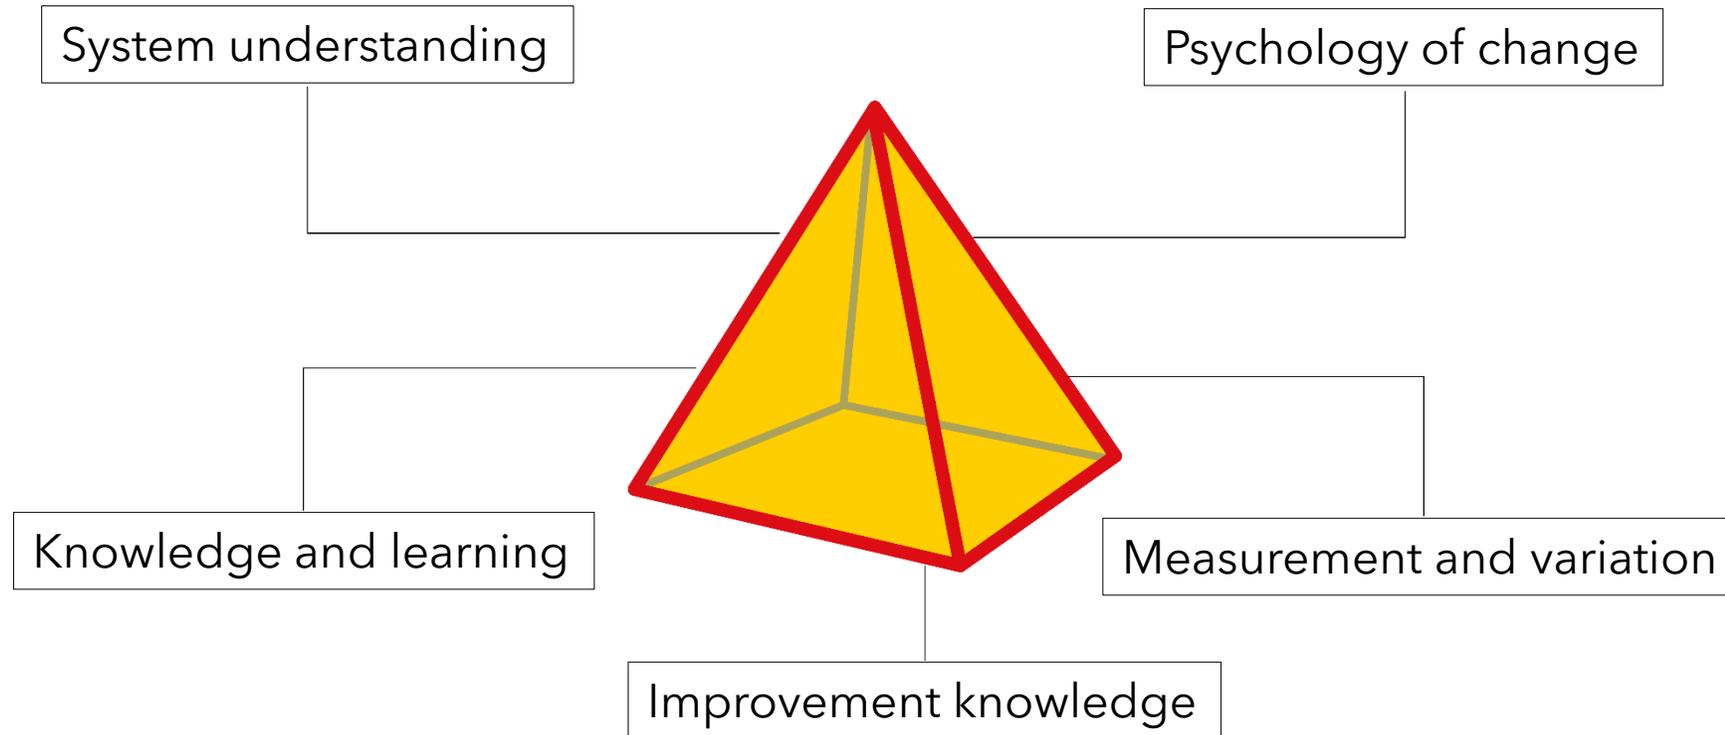

Region Kalmar County's overall strategy for quality and development is the basis for creating a shared quality culture and a learning organization.

The strategy is called internally "Every day a little better - the power of many!" and is based on the power of everyone's commitment and efforts.

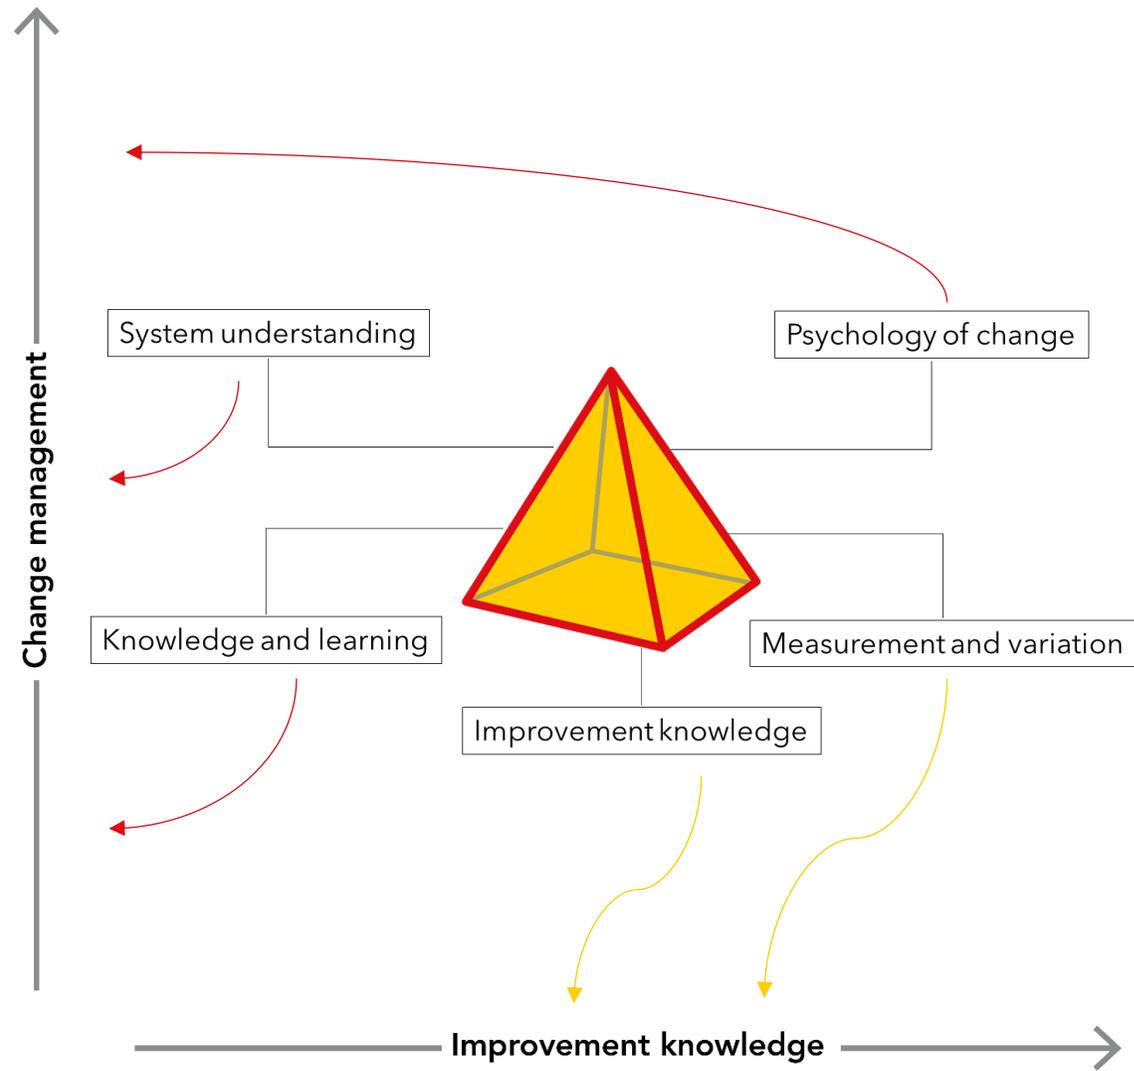

"All employees in the region have two missions, to carry out today's work and to work on improvements for tomorrow."

- Regional Plan

Every day a little better – the power of many!

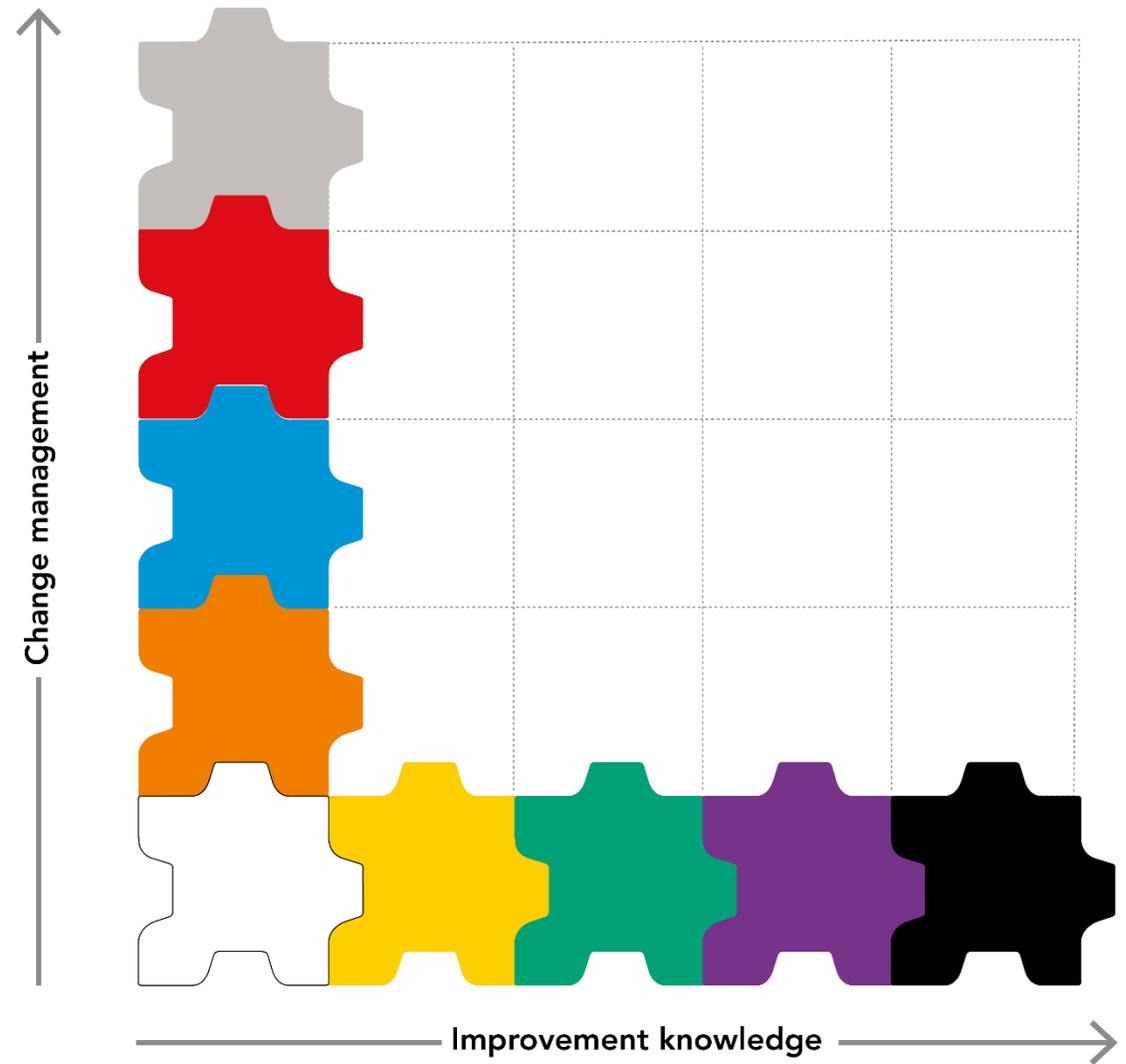

Profound Knowledge of Improvement

Change management and Improvement knowledge

- Add-on modules
- Standardization

Improvement team

Employees

Introduction to continuous improvement and systematic improvement work

Competence and ability to lead an improvement team through the flow of systematic improvement work.

Improvement leader

**Development leader
ST Doctor**

Customized knowledge that adds value to the current position

Be a support and sounding board for the improvement leader and the team in the improvement work.

**Improvement Coach
Change leader**

**Organization developer
Managers**

Ability to find improvement opportunities, initiate improvement work and follow up on compliance and effects

Individual level

Everyday modules – based on role and/or position

To create the conditions for continuously initiating, driving and implementing improvement work, an improvement program is offered every year.

The improvement program is aimed at those who want to be part of an improvement team or who want to drive and lead a specific improvement project as an improvement manager.

Improvement program – annual targeted effort

Continuous improvements – continuous work in everyday life
